Letter of Recommendation for Crew Builders, Inc.

To Whom It May Concern,

Our company, Florac North America, Inc., recently had the pleasure of working with Crew Builders on the construction of our US headquarters. We as a firm were privileged to be in the very capable and experienced hands of the team at Crew Builders, who made the entire experience easy from start to finish. To those who are considering Crew Builders for their own renovation project, we would wholeheartedly recommend this very professional and knowledgeable team.

Our team was recently hired by our Paris-based parent to launch the US arm of our private equity firm Florac. Once we started, we knew that one of the largest tasks before us was creating our physical office space. Fortunately, Crew Builders was able to guide us through the process, making it as seamless as possible. They worked with us to understand our needs and formulated a plan with a clear timeline. Through weekly calls with the entire team, we were kept up to date as major milestones were completed. If we ever had any questions or concerns, Crew Builders was very responsive and made sure to address them quickly and thoroughly. In the end, they delivered our office space to us on time, and we have been very happy with the results.

Again, we thank Crew Builders for all they have done and highly recommend them for all office construction and renovation needs. Thank you.

Sincerely yours,

Anish M. Aswani
Managing Director
Florac North America, Inc.
