

Marbella Country Club

Location:

30800 Golf Club Dr.
San Juan Capistrano, CA

Project Duration:

Phase 1: 10 Weeks

Phase 2: 12 Weeks

Phase 3: Active

Project Contract: \$3.25 Million

Architect: Delawie

Phase 1: Fitness Center

This 2,915-square foot tenant improvement of the fitness center at the Marbella Country Club was completed within a 10-week schedule. The gym is fully equipped with new state-of-the-art fitness equipment; treadmills, elliptical machines, and various controlled weight machines. In addition to the exercise equipment room, Crew also completed a 820 square foot aerobics room, bridal room, new restroom/ shower rooms, and a new Kids' Club.

Phase 2 Dining Room/ Cocktail Lounge:

The elegant formal dining room provides a family friendly ambiance. The open ceiling design exposing the wood truss roof structure along with high end finishes compliments the on going Mediterranean- inspired theme of Marbella Country Club. The cocktail lounge still pays respect to the old but embraces the new world with a contemporary style all its own.

Phase 3: Locker rooms

Both the men and women locker rooms include custom lockers, private showers, large lounge area, steam room, dry sauna, and a hot tub to provide a spa-like experience. Crew is still active on the project, correcting unforeseen water, moisture, ADA and plumbing issues.
